I support XM radio fully. With a recent new car purchase and XM radio an available option, I not only love the vehicle but love, equally, the ability to listen to the number of stations I can with XM radio. I love the "no commercial" format which drives me crazy on the regular "free" stations. I pay for this service and have not been disappointed by what they deliver. The instant traffic and weather is a blessing on my way to work and on my travels. I drive 45 minutes each way to and from work and the traffic alerts and weather updates save my time and lessen my anguish at the end of the day ! ! ! DO NOT REMOVE THESE FROM MY OPTIONS - I PAY FOR THIS SERVICE. How would you like to make a purchase and discover you are only getting half of what you were promised?
